MESSAGE

READ TO THE BOARD OF ALDERMEN

BY

His Honor Mayor Burque

AT THE REGULAR MEETING OF THE BOARD

JANUARY 1, 1921.

GENTLEMEN OF THE BOARD OF ALDERMEN:—

With the advent of the New Year we begin the last half of our administration, and it is well that we should pause to consider how we have discharged our duties during the first half of our term, take count of stock, and benefited by our experience of a twelve month, resolve to improve our work if possible, and end our term of office with satisfaction to ourselves and our fellow citizens.

I wish to congratulate you for the earnestness, fidelity and honesty with which you have accomplished your task during the last year. You have ever shown a desire to be true to your trust and to become worthy of the confidence placed in you by the voters of Nashua. You have given due consideration to all matters presented to you and demonstrated your willingness and disposition to judge your work with proper public spirit, constantly having in mind the welfare of the City. May you continue so to do during the present year, so that when your term does expire, you may deserve the praise of having well done what you, as public and faithful servants, have had to do.

A short review of our finances at the end of the year will not be amiss. When we came into office our city indebtedness figured up to $1,077,377.81. Owing to certain urgent needs of the city which could not be delayed, and also to the necessity of more money to complete work already begun and contracted for on the New High School, it was not possible to reduce the city debt

this last year. As a matter of fact a small increase resulted, to wit:—$2,474.65, this being the difference between the amount of bonds issued by us, and the serial notes retired plus the growth of our Sinking Fund. A detailed financial statement will be furnished to you a little later.

Outside of a further bond issue of $14,000. to take care of the overdraft in the Board of Education, as I will explain a little later, and which I must recommend, I cannot perceive any other necessity for an increase in our City debt, unless some unforseen incident happens; we should therefore, at the end of our term, show a substantial decrease in our indebtedness. Our general fund shows a balance in our favor for the fiscal year, our receipts showing an increase over our expenditures, of $2,031.38 thus creating an additional surplus of an equal amount over what it was December 31, 1919, and this after taking care of two special appropriations amounting to $2,700 made during the year. From now on Nashua's debt should decrease gradually every year.

I regret to have to comment upon one large overdraft in one of our departments:—the School Board. Unless the different departments created by our Charter are willing to co-operate with the City Government and work in harmony and perfect understanding with the City Officials entrusted with the finances of the City, such occurrences will happen, our Treasury is bound to suffer, and we must necessarily be unable to control them. Each year it is incumbent, it is true, upon these Departments to submit an estimate of their requirements, but it is also incumbent upon the members of this Board, the Finance Committee and the Mayor, and it is our sworn duty, to regulate the amounts each Department should receive, and when this has been done it is then equally the sworn duty of the Departments to conduct their affairs within the limits established by us. Just so long as any Department claiming for itself the right, power and authority to expend what moneys it sees fit, whether in fact and in law it is given such power and authority, insists upon conducting its affairs without regard to the general financial welfare of the City, just so long will we be unable to regulate and control our finances.

It is an anomaly, if such Departments are a law by themselves, and still derive from us the wherewithal to conduct their departments, and are unable to pay any of their bills, even out of the moneys appropriated for them, without the sanction and approval of the Finance Committee and the Mayor. Either there is power and authority in the Board of Aldermen and Mayor, or else the Charter imposes certain duties upon us which are purely and simply perfunctory and should be remedied so as to do away with all misunderstandings. Law suits in order to get the Courts to construe and decide these questions are not to be favored and should not be required, for they only serve to make innocent parties suffer. They can easily be avoided, and so can all misunderstandings on these questions be also avoided, if all Boards are willing to give and take and come to a mutual agreement with us to work in harmony and co-operate in this work. Irrespective of whatever construction may be placed upon certain provisions of our Charter or General Statutory Laws, appropriations made by this Board and allowed to the Departments must mean something; they must necessarily establish the limit within which departments can act, and no authority for any substantial expenditures, specially if out of the ordinary, should be assumed and exercised before appropriations are made for same. It is gratifying to note that a majority of our Boards show a genuine desire to act within these principles, and I trust we may this year receive full co-operation from each and every Board. There are in fact but two Boards which claim such powers, the Board of Police Commissioners and the Board of Education. Violation of the above recommendations by the former has resulted in a law suit which we all deplore, but which became absolutely unavoidable; and violation of the same recommendations by the latter has resulted in an overdraft of a little over $14,000 which must be charged up to the Board as an indebtedness, and which cannot be taken care of except by a special act of the Legislature to give us the power to bond the indebtedness thus created, there being no source of income from which the moneycan be derived to meet the same. I therefore recommend that our delegation

to the Legislature be requested to secure this authority for us and that a bond issue be thereafterwards passed by this board to wipe out this debt.

I shall not comment very extensively upon the work of any of the departments; their reports will soon be at hand, and you will judge for yourselves what they have done. In connection with this, let me recommend right here that each and every board be obligated to file their reports with you within a certain time, making it as early as possible in the beginning of the year, so that they will be available for the City Reports. As it stands now no time limit is fixed, and delay in getting our City Reports printed in due time to be of any usefulness, is most invariably due to the failure of the departments to file their rsepective reports. I also recommend that departments submitting extensive and lengthy reports be required to submit a summary thereof, for use in the printed report, and that the City Reports be condensed and all unnecessary matters left out. The early filing of departmental reports will have the further advantage of furnishing us the opportunity to become acquainted with their work and their requirements.

A short review of our work in the last year may be helpful. The principal recommendations made a year ago were:—1st:—Limitation of our expenditures to our income; 2nd:—Readjustment of our tax valuations; 3rd:—Encouragement to real estate improvement; 4th:—Sidewalk development. The first I have already commented on; it only remains for me to say that but two other departments have overdrawn their accounts to any extent:—Ward and Elections and Fire Department; the former due to unforseen expenses resulting from Woman Suffrage, and the latter to increased cost of and additional requirements of the department.

2—The wonderful growth of our valuations in the last year is sufficient proof of the good work done by our Assessors, and for this they deserve our sincerest praise.

3—Real Estate development has received all the encouragement that could be given to it by the Board of Public Works. The principal requirements were sewerage accommodations, and

this work has been pushed ahead to such an extent that it will soon be completed, and all sections of the city in need of this commodity to help housing problems, as well as to improve conditions of people already living in houses not having sewer connections, have been and are now being taken care of.

4—Sidewalk development has gone ahead with a great stride, a wonderful advance made, and property owners have responded with a will to the demands in this field. More applications have been received than could be taken care of, due to inability to get the material necessary to accomplish more. Considerable more construction is planned and mapped out for this year, and a substantial amount of funds will be required to accomplish this. The need of good sidewalks is so urgent that the work cannot be delayed. I recommend that the Board of Public Works be granted the necessary means for this purpose. Owing also to the inability to secure building material at most any cost, and to transportation problems, some of our permanent street work contemplated last had to be delayed until this year. More streets need permanent road beds, some pavement must be relaid, other streets need resurfacing, all for the purpose of keeping up our policy of building good streets yearly, so as to retain our prestige of having as good if not better streets than any city in this section of New England. As much money as possible should therefore be appropriated to accomplish these results.

I think the time has come when we should begin the permanent development of our playgrounds. Plans are in the hands of the Park Commissioners for the improvement of our South Common, and a start should, if possible, be made this year. There is also the further assistance to be given to our Manufacturer's Base Ball League which has done so much for good clean sport in our city in the last year, and should this line of amusement be continued this coming summer, aid should be given to encourage its growth, popularity and permanency.

In view of these recommendations, and in view of other problems let us continue to study and scrutinize the needs of our community, to exercise our energies in the fields demanding our

immediate attention, and to keep faith with our oath and our trust, with the anticipation that when we have concluded our administration, we may feel we have done justice to all, and shown favoritism to none. May the New Year bring joy, happiness and prosperity to you all, to all the Citizens of Nashua, and to the City itself.

REPORT

OF THE

BOARD OF HEALTH AND THE HEALTH OFFICER

FOR THE

FINANCIAL YEAR 1920

Report of the Board of Health

Nashua, N. H., March 1, 1921

To His Honor the Mayor and Board of Aldermen:

GENTLEMEN:—

During the year 1920 the following activities were supervised and carried on by this Department.

1. OFFICE. The office with clerk in attendance is open from 8.30 to 5 p. m., and Wednesday and Saturday evenings from 7 to 8.30 p. m. Complaints are received, carded and filed, licenses of all kinds issued, mortality statistics compiled and correspondence and other matters pertaining to Public Health are cared for.

2. CLINICS. Venereal Disease Clinic conducted at the Board of Health office Tuesdays and Fridays from 2 to 5.30 p. m. and on the same evenings from 7 to 8.30 p. m. Dr. P. J. McLaughlin, in charge of the clinics assisted by Miss Agnes Lee as nurse. Through the courtesy of the Nashua Chapter American Red Cross Society, a trained worker in venereal diseases Miss Glee Marshall assisted in this work from April 20th, to Nov.24th, 1920. On account of lack of funds the Nashua Chapter were obliged to discontinue her services. Miss Marshall's services made apparent the need of a full time worker in this department. Good work in this department is already manifest and the need for its continuance is summed up in the amount of work done which is as follows:

Number of visits to clinics for treatment	1033
Number of intravenous treatments.....	450

In conjunction with this numerous specimens of blood and smear cultures were taken and sent to the State Laboratory for examination.

3. Tuberculosis Clinics. The Tuberculosis Clinic was continued at this office during the year. The personnel of the clinics are Dr. Robert B. Kerr, as Chief of Clinic, with two nurses, one acting as clerk, and the other as a supervising nurse. Our Contagious Disease nurse Miss Agnes Lee carried on the supervising work until September, at which time the services of Miss Lucy Beaudet were secured for that position. The clinics are held at the Board of Health office every Thursday from 2.30 until 6 p. m.

Number of visits to clinics for treatment during the year	622
Number of patients sent to Sanitoriums	22
Number of patients under supervision at home	190

4. Contagious Diseases. This department is in charge with Dr. McLaughlin as Chief and Miss Agnes Lee as supervising nurse.

All cases of Contagious Diseases reported are investigated, contacts and suspects examined. Active cases mapped, charted and indexed. Weekly visitations and instruction in bedside disinfection given in all cases. All releases of active cases and detention of suspects in contacts are personally supervised through this department. The following diseases were reported to this office during the year.

Scarlet Fever	114
Diphtheria	21
Measles	465
Infantile Paralysis	5
Chicken Pox	20
Whooping Cough	7
Gonorrhea	91
Syphillis	35
Chancre	4
Pneumonia	1
Typhoid Fever	2
Influenza	1
Tuberculosis	116
Mumps	50
Trachoma	1
Ophthalmia Neonatorum	1

Every year shows the absolute need of Hospital Treatment for Contagious Diseases. Lack of hospitalization is a serious barrier to the preventative work of this department.

Spring Clean-up. During the last week in April and the first week of May this department secured the services of five men representing the different nationalities of our town to visit, inspect and instruct and abate unclean and unsanitary conditions in our City. Advertisements were inserted in the different newspapers of our city calling upon citizens to assist in this work. Since the inspection of this procedure about eight years ago, every year has shown a decided improvement in certain sections of our City.

Garbage. Under the present system difficulty in securing the proper collection and disposal of city garbage under contract is liable to present itself. To obviate this we would recommend that the contrat system be abolished and that some of the modern methods for the collection and disposal of garbage be assumed in its entirety by our city.

Health and Milk Inspector. On account of the increase of work in this department we were obliged to secure an additional man to assist in this work for three months during the summer, and we would recommend an additional inspector in this department. As a suggestion an assistant inspector combined with a plumbing inspector would be an economic investment for the health of our City. Under a separate heading the work done by this department is submitted to you.

RECOMMENDATIONS.

Your Board of Health recommend for your consideration and in the interest of Public Health the following:

1. Suitable ordinances for the care and distribution of milk and food stuffs under the supervision of the local Board of Health.

2. The extention of medical inspection now being done in our public schools to the private schools of our city.

3. The erection and maintenance of a modern Isolation Hospital.

4. The creation and maintenance of a Building Inspector for our City.

5. An assistant Health and Plumbing Inspector for the City.

6. Ordinances making obligatory the screening of barn cellars, the proper care and disposal of manure and the maintenance and care of fly traps and making of certain limits where pigs are kept.

Respectfully submitted,

P. J. McLAUGHLIN, M. D.

H. M. MORSE, M. D.

R. S. COTTON.

Considerable time is spent in investigating complaints which have no fondation, as many complaints are entered which does not pertain to the health departement, such as broken sewer pipes, over-flowing sewers, ash piles. Complaints relating to sewers should be referred to the Board of Public Works departement. Many spite complaints are al so entered at our office.

In addition to the above reported work done, drinking fountains, ice cream parlors, coffee houses, tonic establishments were inspected, and pig and hen pens ordered cleaned up or abated.

Thanking the members of the Board of Health for their kind cooperation to me during the year, I am

Respectfully yours,

THOMAS F. CULLEN

Health Inspector.

FINANCIAL YEAR 1920

Report of the Librarian

To the Board of Trustees of the Nashua Public Library:

We herewith present the report of the Nashua Public Library for the year 1920.

The year just closed, has shown steady growth and gain in the quality of work done.

We have done little advertising or publicity work.

On special open shelves, vocational books for boys and girls, Scout and Camp-Fire books, have been placed and all have been well used. In the vacation season shelves were also devoted to suggestive books for summer reading.

The lack of funds, the high cost of books and necessary supplies, have made it difficult from our appropriation to satisfy the public demands in some lines.

During the war, orders for Foreign books were not filled, but catalogues are now being received. These books are bringing more and more to the Library those older foreign-born people who could not otherwise be reached.

Fiction is most in demand. The classes of non-fiction books asked for are largely books on business, the various trades, advertising and the arts. Books on accountancy for various industries are wished. Also books on building and materials for

construction, textiles and engineering in all its branches and the technical details are called for. Lack of employment has brought many new patrons.

The Library has been open 304 days and the total circulation of books has been 89,915.

THE CHILDREN'S ROOM

There are 2,008 borrowers and many days in the last few months over 350 of these little visitors have come and there are chairs for only 26. December was the banner month when 86 new applications were given out. This room cannot handle comfortably all the children who wish books. A new card catalogue of 12 drawers, much needed, was purchased for this room early in the year.

The Reference and Reading Room

This room has surely fulfilled its purpose. It is well equipped with Atlases; Directories of nearby cities; sets of Encyclopedias, Biographical, Religious and General; Gazeteers; Dictionaries in the many languages spoken in the city; many varieties of Handbooks and other aids to the seeker of information in the line of Science, Literature and Art and additions are being made each year to these shelves. The work of the Reference Room is equally important yet difficult to estimate.

55 periodicals subscribed for have been on file here and 7 donated. All circulate, the current numbers when two copies are taken, and when only one copy, two numbers are kept on file and later can be taken out by patrons.

Pupils are more and more sent to the Library for further information or supplementary school work.

We have received as gifts this year, the portrait of the late Governor George A. Ramsdell from Mrs. Ramsdell, which has been hung in the Trustees' Room; several volumes of books from Mrs. James F. Whitmarsh; some Government publications through the kindness of Honorable Edward H. Wason, and sheet music from Pauline E. Bigelow. Also from Mr. Joseph L. Clough an Alphabetical list of all Legal Voters in the Town of Nashua in 1848.

A Library Class of five was started in June. All seemed interested in the lessons given and two have made good helpers.

The Newspaper Room has fewer Papers on file than in former years. Eight are subscribed for and two are given. Thankful acknowledgement is here given to the publishers for the copy of L'Impartial given to the Library.

The Telegraph Publishing Company has responded most graciously in bringing library information to the Public in the form of book lists and notices of new books. For these many courtesies thanks are here given.

There have been changes in the Staff this year in the Children's Room. Miss Edna Leger who had been in charge for the year 1919 resigned and it was with deep regret her resignation was

accepted. Miss Annie L. Goodrich was elected her successor. Mrs. Harold Damon has taken the place of Miss Ruth Winslow, who married in June and Miss Lois Woodbury, who was a member of the Library Class has been an efficient extra helper.

REPORT

OF THE

PARK COMMISSION

FOR THE

FINANCIAL YEAR 1920

Report of Park Commission

To His Honor the Mayor, and Board of Aldermen:—

The Park Commission submit their Annual Report for the year ending December 31, 1920.

The high price of labor has handicapped our work during the year as it did last year. However, we have been able to give the care needed to the work in general. But little new work has been undertaken on account of our limited funds. The demand for a good playground at South Common continues to grow. It is hoped that the Park Commission may be given the $2000 asked for in its estimate for its appropriation for the ensuing year. With the assistance of the Board of Public Works the Park Commission feel that a good beginning can be made on the plans already in hand. During the year the ball diamond at North Common has been moved back and put in good condition, and bleachers with a seating capacity of eight hundred have been erected. The demand for a greater seating capacity is expressed on all sides. The Park Commission believe that with the $500 asked for in its estimate of money needed this year that suitable bleachers can be erected that will serve a much larger number of people. The estimate made by contractors is $1270. It is hoped that this additional appropriation can be granted. The Elm Beetle and Gypsy Moth are still a serious menace to many of our beautiful city trees. The Park Commission are mindful of this condition and are giving the matter special attention. The interest in the war gardens has fallen off considerable. Not all the plots at North Common or at Greeley Park were taken last year. The Commission will allow the plots to be taken the ensuing year. However we will need the space at Greeley Park very soon to transplant trees which are now in the nursery according to general plans for the development of this part of the Park System.

Respectfully,

HENRY H. DAVIS,
HERBERT E. KENDALL,
JASON E. TOLLES,
Park Commission.

Fire-Alarm Telegraph

This branch of service is now in good condition except the placing of wires in ducts located by N. E. T. & T. Co. in place of overhead wires, which work is still in progress as fast as ducts are laid.

Instructions to Key Holders

1. Upon the discovery of a fire, go to the nearest box, break the glass on the key box; place key in lock, turn key and open door (be sure to hold door open as there is a spring lock on the door). Pull down on the lever and let go. Do not try to remove key, as it is locked in and can only be removed by some one in authority.

2. Any person ringing in an alarm should remain near box so as to direct the Firemen to the Fire.

3. No person should give an alarm for the same fire after the first alarm has been given without an order from the Engineer or Officer or Commissioners in command. And the person so ordered shall be sure to go to the same box from which the first alarm was given and report to the Officer who issued this order.

4. Never signal for a fire seen at a distance. Never touch a box except to give an alarm for fire. Do not give an alarm from a box for a chimney, or grass fire, call Central Station, Telephone 112-1. Do not get excited when you tell Central where the fire is located. Talk slow and distinct.

Respectfully submitted,

HERBERT C. LINTOTT,
CHARLES H. AUSTIN,

REPORT

OF THE

BOARD OF PUBLIC WORKS

FOR THE

FINANCIAL YEAR 1920

Report of the Board of Public Works

Nashua, N. H., March 1, 1921.

THE HONORABLE BOARD OF ALDERMEN,

Gentlemen:

The following is the report of the Board of Public Works for the year ending December 25, 1920. The inerdeased cost of the regular work of the department of Public Works, together with the scarcity of labor, and the high cost of materials, made an extended program of permanent street construction impossible.

The only permanent improvement was on Railroad Square, the north side of Deschenes Oval, where improved conditions have been needed for a long time. This was constructed of cement concrete 3171 square yards, and cost $7,098.51.

BRIDGES. The culvert over Spit Brook on the Lowell Road was washed away, and was replaced by a re-inforced concrete culvert 8 feet square, with retaining walls, the total cost was $10,464.31, half of which was paid by the State.

SIDEWALKS. The Board received a petition signed by all the property owners on the west side of Main Street, from Lawndale to Lake Street, for a cement sidewalk on the half payment plan. This and many other jobs in different parts of the City were completed together with whatever private work each petitioner desired, there were 3,954 square yards of public walks constructed.

SEWERS. On January 1, 1920, there was an unexpended balance of $11,148.20 for sewer work, and in addition the Board of Aldermen granted two bond issues; one in March for $25,000.00; one in December for $20,000.00, to carry on this work. The trunk system of Atherton Avenue, Stark and Chester Streets was completed, also the 18 inch sewer on Gilman and Lake Streets were continued, and all side streets provided for as the work went on.

The Lake Street sewer should be extended to the school house and the Gilman Street sewer extended through Russell, and

Wardleigh Streets, to take care of the low section between Blossom and Lake Streets. This will complete the needs of immediate future. The following is a list of the sewer done during 1920:

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF TWENTY THOUSAND DOLLARS ($20,000) TO PAY FOR THE INSTALLATION AND CONSTRUCTION OF SEWERS IN PUBLIC STREETS IN NASHUA.

Pursuant to the provisions of the Municipal Bonds Act of 1895, as amended by the Laws of 1917, Chapter 129, the Mayor and Treasurer are hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua in the aggregate principal sum of twenty thousand dollars ($20,000). Said bonds are to be issued for the purpose of paying for the installation and construction of public sewers in certain public streets in Nashua, namely; in Lake Street, Russell Street, Buchanan Street, Fulton Street, Burritt Street, and in divers other streets within the City of Nashua, and the proceeds of the sale of said bonds are hereby appropriated for that purpose. Said bonds shall be payable to bearer, shall be dated December 1st, 1920, shall bear the City Seal, shall be signed by the Mayor

and countersigned by the Treasurer, and the said bonds shall be for the sum of one thousand dollars ($1,000) each, and shall be due and payable serially each year as follows: Two bonds of $1,000 each in one year, two bonds of $1,000 each in two years, two bonds of $1,000 each in three years, two bonds of $1,000 each in four years, two bonds of $1,000 each in five years, and each year one bond of $1,000 each in six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen and fifteen years respectively from the date thereof, shall bear interest at a rate to be established by the Treasurer, not exceeding five per cent. per annum, and be payable semi-annually on the first day of June, and the first day of December in each year. Both principal and interest shall be payable in gold coin of the United States of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or, at holder's option at The First National Bank of Boston, Boston, Mass. The coupons shall bear the facsimile signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said The First National Bank of Boston endorsed thereon.

Passed December 28, 1920.

Approved December 29, 1920.

Report of the Executive Committee

To the Nashua Hospital Association:

Gentlemen:—Your Executive Committee submits the following report for the year 1920.

Number of patients remaining in hospital Jan. 1, 1921	45
Number of Patients admitted during the year	1,417
Number of Surgical cases	772
Number of Medical Cases	212
Number of Obstetrical cases	83
Number of Births	68
Number of Out Patients	125
Number of X-Ray Patients	292
Number of Deaths for the year from all causes	62
Number of Male Patients admitted	629
Number of Female Patients	788
Number of American Born	1,134
Number of Foreign Born	283
Number of Married	601
Number of Single	726
Number of Widowed	77
Number of Divorced	13
Largest number of patients in hospital any Day	61
Average number per day	43
Patients who paid in full	1,165
Patients who paid in part	97
Patients who paid nothing	106
Balance of bills to be collected from patients	$5,234.26
Major operations for the year	392
Minor operations for the year	270
Average cost of patients per day	2.72
Income for the year	$46,020.55
Hospital days	157,761,01
Average time spent in hospital, (days)	12

Improvements undertaken and completed during the year.

Excavation beneath the front porch and construction of a room 30 x 9 feet in which was installed a new flourscopic equipment, completing the X-Ray outfit.

This addition which compares favorably with that of any hospital in the large cities makes it possible to do any class of X-Ray work.

All the buildings of the Association have been painted and renovated.

The endowment fund has been increased $6,000.

The hospital has been running at full capacity. The increased number of patients often necessitating the placing of beds in the corridors, and in many instances operative cases having to wait for days before securing a bed.

Attention was called one year ago to the shortage of hospital beds in Nashua and to the fact that the City would be handicapped if visited with an epidemic such as that of 1918 or with a large accident.

The health of the community has been exceptionally good both locally and throughout the country the past year, yet the local hospital capacity has been taxed to the utmost.

Your committee is mindful of the City's needs and has under consideration several ideas suggested to meet the requirements of a progressive city. We hope in the no distant future, that a plan will be evolved that will increase the capacity of this institution and safeguard the public good.

Respectfully submitted,
A. W. SHEA,
Chairman.

REPORT OF TRAINING SCHOOL COMMITTEE

The School at the present time has 14 nurses in training, three graduate assistant nurses and a Superintendent. A class of four was graduated last Spring and all passed the State Board of Registration, as did also an earlier graduate who took the examinations at the same. One of this class Miss Ellen Record

has returned to her Alma Mater as night superintendent, ably fulfilling the duties of that responsible position, with satisfaction alike to the patients and the Staff. Another is in charge of the children's department of Harrisburg Hospital, Penn., an institution which accomodates 150 patients. Six probationers entered during the year, three of whom left for various personal reasons. Miss Juliet George, for two years in charge of the first floor, left us in June to go to Columbia where she expects to receive a Diploma next June. Her place has not yet been acceptably filled. Our very efficient night superintendent Miss Marion Garland, also left us in June to take up public health work in Laconia, this State. At the end of the year Miss Marion Cogswell, Supervisor of the Operating Rooms since the opening of the new hospital, sent in her resignation, and is now in the Sunny South.

We are most fortunate in having secured the services of Miss Annie MacDougal, a graduate of Cambridge Hospital, to fill the vacancy.

I think we are to be congratulated upon the good showing made by our recent graduates. Lectures and classes have all been given up to date, Miss Mary Pillsbury teaching the diatetics. Our crying need is for more pupils. Perhaps now that manual labor does not command such high wages, we may have a greater number of applicants.

I wish each member of this Association would make it a personal matter to place before the desirable young women with whom they have any influence, the great advantages of a nurse's training and induce as many as possible to enter the school. Our number of pupils should never be less than twenty.

Respectfully submitted for the Training School Committee.

E. B. ATHERTON,

Chairman.

SCHOOL EVENTS 1919, 1920.

1919	
January 31.	One hundred and fifty dollars was added to the salary of each teacher for the year beginning January 1, 1919.
September 1.	Superintendent J. H. Fassett returned to take up his duties as Superintendent of Schools after a leave of absence of a year spent at the University of Chicago.
October 21.	Evening Schools opened.
November 24.	The High School moved to Spring St.
December 1.	Eight Americanization classes were started at the recreation rooms of the Nashua Manufacturing Co. to meet three times a week at the close of the day's work, at 5 P. M.
December 2.	The Junior High moved into the Old High School building and began to follow a one session plan like that of the Senior High. A persistent demand for one session had been made by the parents of the Junior High pupils.
1920	
January 5.	The seventh grades were moved from the Quincy St. to the Temple St. Building.
January 6.	Rooms were opened for grades 1, 2, and 3 in the Quincy St. school taking children from the Belvidere, Mulberry St. and Palm St. Schools.
March 26.	The pay of nearly all the teachers was raised $300.00 a year, to begin January 1, 1920.
April 2.	The teachers were paid back pay from the first of January.
April 30.	Superintendent J. H. Fassett resigned, asking to be released at the end of the school-year thus completing twenty-six years of service as school Superintendent in Nashua.
August 16.	Eugene Tuttle was elected Assistant Superintendent.

September 7.	The High School opened.
September 13.	The first day for grade schools.
October 25.	Night schools opened; three classes were started at the Jackson Mills.
November 1.	Eugene Tuttle began work in Nashua. Most of Mr. Tuttle's time is being given to the schools below the Junior High. He is holding meetings twice a week with different groups of teachers and is giving standard tests in the schools. His previous training makes him well fitted for this work and we are getting the benefit of his experience. The Chemical Laboratory in the Temple St. School has been made into a kitchen and equipped with hot water, gas ovens and one gas range. Cooking classes can now be at work in two schools at the same hour. Work by the sewing classes can also be done now in the Temple St. School. Two long rooms formerly used as study rooms have been divided and made into four rooms of ordinary size all of which are in use. The Junior High School has two more teachers this year and the Senior High School one more than last year. One of the Junior teachers came from a seventh grade class which was discontinued.

Much needed repairs have been made to the boilers at Mount Pleasant, to the chimneys and roof at Arlington St., to the clock system at Temple Street and to the sanitorium of four of the Suburban schools.

Many of our school rooms are crowded and more help is needed if we are to get the best results. The number of pupils is larger than it was last year and then it was two hundred and eleven larger than the year before.

During the last year the gain in pupils has been over three hundred while the gain in teachers has been only two.

The mounting cost of teachers, janitors, transportation, repairs, fuel and other supplies has tremendously increased the outlay for the schools and large sums must be raised or else some portions of the school system must suffer loss.

The following teachers have attended summer sessions since the last superintendent's report.

Marion A. Stiles	Harvard
Margaret S. Cote	Harvard
Mary I. Woodbury	Harvard
Agnes L. Gardner	Harvard
Alice Trow	Columbia
Marion Roundy	Columbia
Helen L. Small	Simmons
Elizabeth M. Welch	Keene
Myrtle H. Waterfall	Mass. Inst. of Technology

Besides these summer courses taken by teachers, Mrs. Nesmith and Kathryn Lee have taken work in Boston University and Walter S. Nesmith is attending an extension course at Harvard.

Reported by,

C. H. Noyes,

Supt. of Schools.

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

In accordance with your request, I am submitting a brief summary of the work of the Senior High School for the year 1920.

The school has occupied the new building a full year and it is now well accustomed to the novelty of cement corridors, electric and gas lights, large study rooms, lunch counter, and a public auditorium. The needs of a city school seem to be well met with the exception of fittings for the stage, a speaker's desk, and a piano.

The enrollment for the present year, four hundred and ninety-five pupils, is a gain of forty-eight pupils over the previous year and is the largest enrollment in the history of the school, and thus far the number to drop out is much smaller than formerly. Twenty-three pupils, exclusive of graduates, who were members of the school last June did not return this fall; last year the number not returning was sixty. Undoubtedly the cause of the rather stationary membership in the high school during the past few years has been the ease of securing very remunerative employment. At present that cause is removed and a part of our increase and the permanency of it follows. Then also the recent demand for trained men and women has caused people, especially parents, to see the asset in having at least a high school education.

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:

I take pleasure in submitting my second annual report of the Nashua Junior High School.

The total enrollment for the year ending June 1920 was 415.

The total enrollment for this year is 479. The great increase may be attributed to the fact that the number of out of town, or tuition pupils, has increased materially.

The following table shows the registration by towns:

Brookline	2	Londonderry	1
Hudson	24	Pelham	3
Litchfield	4	So. Merrimack	4
Windham	1		

It will be well to bear in mind that the above pupils were not counted on last June when our classes were made up, therefore their appearance here in September made it necessary for the addition of two teachers, one each for the eighth and ninth grades.

The additional teachers are as follows:—Miss Moran who was transferred from the seventh to the eighth grade; Miss Charbonneau, a new teacher, teaches both eighth and ninth grade subjects. The leave of absence granted Miss Herlihy meant the transfer of Miss Bessie Clancy from the fifth to the ninth grade.

The faculty of the Junior High consists of thirteen teachers and a principal.

The building not only houses the Junior High but also three seventh grades and two special classes giving a total of 662 pupils in the building.

With the large number of pupils all having recess at the same time, the small play ground allotted to our use has been and will be too small for any play ground activities such as would naturally interest pupils of that age. Furthermore we have been fortunate in having but few accidents considering the fact that some of the play must take place in the street.

The lunch room started this year has certainly fulfilled its mission as attested by the consumption of substantial food furnished by the Domestic Science Department. A pupil may now get at least one hot drink in the form of either soup or cocoa.

The courses of study are arranged so that a pupil graduating from this school may enter the Senior High and follow the same course that he has taken in the Junior High. This arrangement obviates the great change that was noticeable in the old form of grammer school. In the ninth grade a pupil may select one of the three courses namely: The Academic, the Com-

mercial, or the General. It is hoped that a stronger course in Practical Arts may be offered next year and that the two rooms already fitted for Cooking and Manual Arts may be used, thus saving considerable time now lost in travel from this building to the Quincy Street building.

The present enrollment is as follows:

Ninth grade	Boys	117	Girls	99	Total	216
Eighth grade	"	130	"	145	"	275
Totals	"	247	"	244	"	491

Per cent of Attendance 96.

The co-operative spirit existing among the faculty, pupils, and janitors is remarkable, and I take this opportunity to express my sincere appreciation for their support.

Yours sincerely,

CHESTER L. HOWE.

REPORT OF DIRECTOR OF MANUAL TRAINING

January 17, 1921.

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

The following is the eleventh annual report of this Department and the third submitted by me.

There has been one change in the teaching force, Mr. Robert O'Neil accepted a position at a much larger salary in Norwood, Mass., and resigned to go there. Mr. O'Neil was succeeded by Mr. Frank Wylde.

I strongly advocate an Industrial Course in the Junior High School, to correspond to that in the Senior High School. A course that would gradually lead up to the present one now in the Senior High School. As a tentative outline of the shop courses I suggest the following, for your consideration.

4 Hours per week of Shop.

2 Hours per week of Mechanical Drawing.

This would necessitate another instructor in this Department. Whether this plan is adopted or the present course is followed, we are in urgent need of another man.

I call your special attention to the exceptionally large classes we now have in the grades and Freshmen class in the High School. Such crowded classes as these are not conducive to the best work.

With such large classes as we now have it is impossible to give individual instruction. If an instructor stops to demonstrate or show some boy how to use a tool correctly, he will have ten or twelve boys waiting to have their work checked up.

The following is a schedule of classes taking Manual Training in the Public Schools.

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

I take pleasure in submitting my second annual report of the Nashua Evening Schools.

The registration this year is 524:—Of these there are 334 in the Amaricanization Classes, 172 of which are illiterate minors; 86, in the High School Classes; 69, in the Cooking Classes; and 35, in the Manual Arts Classes.

The enrollment this year has dropped off due to the opening of the two factory schools where there are 87 pupils besides the 524 in this school and to the non-employment of many illiterate minors.

The attendance percentage in quite satisfactory with a general average of 82. The Americanization Classes have a higher percentage due to the "Compulsory Attendance Law" affecting illiterate minors.

The successful "Get Togethers" of last year are to be continued this year. One has already been held at which the French pupils furnished the evening's entertainment and another will be held before the close of school with the Greek pupils supplying the entertainment. These are of especial interest in that they tend to further the cause of Americanization in a social form.

The citizenship classes are most interesting to observe in their endeavor to master the English language. These classes consist of men over twenty-one years of age who attend with the motive of advancing their positions in American life.

Total enrollment	524
Membership at date	428
Percent of Attendance	82
No. of illiterate minors	172
No. preparing for citizenship	22
No. taken out first papers	13

No. attending 1 year	150
No. attending 2 years	65
No. attending 3 years	26
No. attending 4 or more years	7

The success of the school is due to the interest the faculty takes in its work and I wish to take this opportunity to thank them for their co-operation.

Yours sincerely,

CHESTER L. HOWE.

NIGHT SCHOOL

I advocated last year a short intensive course in the shop work. This plan was tried out this year and found to work very satisfactorily. We found we obtained better results, better attendance and it was more economical. I suggest we follow the same plan in the future. A further report on the work of the night school will be found under the report of the Principal of Night Schools.

I thank you, Mr. Noyes and the Gentlemen of the Board of Education, and all others who have contributed to the success of this Department.

Respectfully submitted,

JOHN GODDARD.

MR. CHARLES H. NOYES,

Superintendent of Schools,

Dear Sir:

The drawing department moved into its office, and class room in the new high school in December 1919. The rooms are large, convenient and well lighted. The built-in drawers and cupboards are well arranged, and sufficiently large to hold as many supplies as the department ever has on hand at one time. The furnishings of the building are finished with a gray-green stain which matches the wood-work of the building, but the furniture of the drawing room, where more than anywhere else, good taste should be displayed, is finished with a light yellow varnish. There are only eighteen tables and twelve chairs in the room in which I frequently have twenty-four pupils working at one time. Therefore I ask that as soon as it can be conveniently done, the number of tables and chairs be increased to twenty-four, and that the chairs and tables be restained to harmonize with the finish of the room. The class room also needs a small blackboard.

In the spring of 1920, during the meeting in Nashua, of the Merrimac Valley Teachers' Association a small exhibit was held in these rooms. It consisted of representative work from the primary, grammer, junior high and senior high schools.

In December of the same year on the evening when the parents of the high school pupils visited the building we also displayed some work of the class in design. The rooms are ideal for such exhibitions, and meet a long felt want.

I wish to thank all the teachers for their cordial cooperation in carrying out my plans, and particularly the commercial department, in the high school, for its kindness in typewriting my lesson sheets in a most satisfactory and attractive manner.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.

Mr. Charles H. Noyes,

Superintendent of Schools,

Dear Sir:

Since the last report of the Household Arts department a few changes have been made. In January 1919, sewing was included in the course of the girls of the fifth grades, for forty-five minutes each week, making possible more advanced work in the upper grades. In September, 1919, Miss Grace Healey was made a regular teacher in this department with the lunch room at High School as her special assignment. For the Spring term in 1920, the old chemistry laboratory in the Temple Street School was partially equipped for use as a cooking laboratory to accomodate classes for which we had no room at Quincy Street. The location and lighting of this room is ideal for a kitchen and we hope it can soon be made into a modern laboratory. Since school opened in September a lunch room has been opened at the Junior High School. All the expense was met with lunch room funds.

Last year was the tenth year since Household Arts was introduced into the schools. The steady growth of our work in that time seems to be noteworthy. It began with one teacher, with practically no equipment, and very small classes in the High School where the course was elective. Now we have the splendid equipment in the Quincy Street School together with the growing equipment in the Temple Street Building. Even five years ago the girls who elected Household Arts in High School numbered only twenty-six, with three hundred and ninety-six in the total enrollment. This year we have one hundred and three girls in the High School alone, and seven hundred and twelve in all. In a certain sense it seems that the pioneer days of the department are past. It appears to be a stable factor of school life. The pupils respect its work as an integral part of the school curriculum. This is due to the painstaking, persistent efforts of all the teachers cooperating to better the department, and to the generous interest of the Household Arts Committee of the Board of Education, and the Superintendent of Schools.

Respectfully submitted,

January 24, 1921. MARY E. A. PILLSBURY.

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

In compliance with your request I herewith submit the fourth annual report of the Dental Clinic.

From January 1, 1920 to January 1, 1921 five hundred and twenty children were treated. There have been 449 teeth filled, 410 extracted, 520 cleaned, and 24 treated.

The Clinic is open the first and third weeks of every month, from one thirty to five in the afternoon; each dentist giving two half days a month.

Much enthusiasm and interest is displayed by all those connected with the clinic.

The children and parents of the children, who have had work done at the clinic, are more than grateful for the splendid work of our School Dentists.

The School Physicians are much pleased with the result of the work which has been accomplished at the clinic. They can already see the improvement in the health of some of the children who needed Dental Care, and would not get it in any way other than through our School Clinic.

Before a child is treated, the usual investigation is made, which takes a great deal of time.

Dentists and Nurse extend to all interested in the work, and management of the Dental Clinic a cordial invitation to visit the Dental Clinic during clinic hours.

In September 1920 I was given, for my part of the work full charge of the Dental Clinic and it serves every public school in the city. I was also given four schools for Medical Inspection.

In the above mentioned schools the children were given the usual examinations by the School Physicians, the following up work was done, a great many defects were corrected, special attention was given to children suffering with Diseased Tonsils, Defective Vision and Teeth and to any other condition noted by

the doctors which they thought treatment would correct or help. The usual home visit was made, and parents advised in regard to what was best to do.

The general cooperation of the parents, teachers, doctors, and all those connected with the schools makes the work progressive.

I wish to thank all for their hearty cooperation.

Respectfully submitted,

January 21, 1921. ELIZABETH SULLIVAN, R. N.

REPORT OF THE DIRECTOR OF MUSIC

Mr. Charles H. Noyes,

Superintendent of Schools, Nashua, N. H.

Dear Sir:—

With this the twenty-fourth annual report of the department of music under the present director a short review of what has been accomplished during the year is respectfully submitted.

There is a sincere enthusiasm in the study of the subject in all the grades from the High School to the Primary grade. And the best material published for this work is in use in all the departments. The only new material added to that already in use is the book of folk-songs, mostly American, entitled, The Community Song Book, published by the Oliver Ditson Co., which is being used with the Junior High Students.

For the twentieth time the High School Choral Class, 320 singers, participated in the Twentieth Annual Music Festival, last May, under the patronage of the Nashua Oratorio Society. The High School gave the opening concert as usual, May 13, when the two cantatas composed by S. Coleridge-Taylor, "Hiawatha's Wedding Feast", and "The Death of Minnehaha," were sung entire, with the assistance of Miss Decie Howell of New York, soprano; Mr. Lampert Murphy of New York, tenor, and Mr. Royal Dadmun of New York, baritone, and the Boston Festival Orchestra, Mr. John W. Crowley, principal. Beside the two choral works produced the program included songs by each of the

solo artists, and several numbers by the orchestra. Miss Katherine Andrews, a recent graduate of the High School, was the pianist.

The school has now in preparation for the twenty-first annual music festival, to be held in May, the lyric cantata "The Swan and The Skylark," composed by G. Goring-Thomas, which will be given with assisting soloists and the Boston Festival Orchestra.

During the year a very efficient orchestra of eighteen pieces rehearsed and played in public at the annual Senior play and at a musical at the Nashua Country Club. An orchestra of fifteen pieces is now in weekly practice, learning some of the standard musical literature.

The music at the High School graduation was given by the graduating class, two beautiful part-songs being sung, "The Triumphal March," from Verdi's opera "Aida," and "An Irish Folk-song," by Arthur Foote.

The Junior High School orchestra participated in a concert given by this school, and at graduation, with credit to each player. The concert of this school drew entirely from its membership for talent, including a Boys' Glee Club, a Girls' Glee Club, the two clubs combined, and solo instrumental music, and solos by some of the young singers. Upward of $150.00 was realized from the concert, which was used in the Victrola department.

The intermediate grades and the primary classes are doing work that is up to a high standard, with enthusiasm and enjoyment. The kindergartens are doing some fine song singing and musical games, all of which goes to make Nashua a center of musical activities.

For your kindness and co-operation in this work, Mr. Superintendent, and to the Board of Education, the Committee on Music, and to the teachers for upholding the endeavors of the department, I am sincerely grateful.

Respectfully yours,
EUSEBIUS G. HOOD,
Director of Music

Nashua, N. H., January 1, 1921.

The graduating class of 1920 numbered ninety-one pupils, which is about fifty per cent of their enrollment at entrance. Concord was the only other New Hampshire city to exceed our per cent; the average for the cities of the state being less than forty-five per cent. Forty-six members of this class are now at higher institutions of learning. The last available data give Nashua's per cent of pupils entering other institutions far in excess of that for other New Hampshire cities.

Since my report of two years ago, there have been nine changes in the teaching staff of the high school. This means that nearly one half of the present teaching is new to our school. The seriousness of this constant changing I am sure is too well impressed on your mind.

I wish, Mr. Superintendent, to express to you and the Board of Education my appreciation for your kindness and consideration during the year.

Respectfully submitted,

WALTER S. NESMITH.

THE CLASS

Where's the land with sons any bolder
  Than ours that ask'd neither truce nor rest,
Marching on with rifle on shoulder,
  Knapsack at back and firm of breast?
Their glory was the food to aid them,
  They had neither shoes nor bread,
At night upon the ground they laid them,
  Each with his knapsack 'neath his head.

Thus went our men into the battle,
  Their cries of freedom rising like a flame;
Choosing the road of roar and rattle,
  They found the land of everlasting fame.

Once a hundred thousand defied us,
  They had their Kings to lead them on;
Our poor gen'ral, too old to guide us,
  Felt suddenly his strength near gone.
Perceiving his men must be surrounded,
  He commanded that all gather near;
The drum to call retreat was sounded,
  But not a man of them gave ear!

Thus fought the men of Sambre and Meuse,
  Their cries of freedom rising like a flame;
Choosing the road of roar and rattle,
  They found the land of everlasting fame.

Soon their brav'ry was nearly ended,
  There was [illegible] one man against the foe!
Furiously hi[illegible] [illegible] he defended,
  But as pris'[illegible]er had to go.
Their tears his captors could not stifle
  When they saw such pluck in their band,
The hero filled his empty rifle,
  Swore out, and died at his own hand.

Thus fought the men of Sambre nad Meuse,
  Their cries of freedom led them thro' the strife;
Choosing the road of roar and rattle,
  They found the land of everlasting life.

THE CLASS

Onward tramp, steadily onward tramp
  Resolute warriors pledged to Freedom's call.
Onward tramp, e'en to the Vale of Death,
  Sturdily marching on through all.

Right is might stronger than life,
  All foresworn foes their cause shall rue,
So onward tramp, sturdy to victory,
  Resolute heroes all and true.

What has been sown must be reaped,
  War calls the world to Conscience's voice,
Tho' blood may flow, and loved ones weep,
  Still shall the nations heart rejoice.

Hold firm aloft the glorious flag
  And bend the foe to Honor's sway.
Onward, tramp steadily on
  And hold aloft the glorious flag.

Hold firm aloft the flag,
  For verily Truth doth lead the way.
